**REQUEST FOR RECONSIDERATION OF
USPTO RECALCULATION OF
PATENT TERM ADJUSTMENT IN VIEW OF WYETH**

Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Sir:

The applicant respectfully requests reconsideration of the patent term adjustment indicated in the enclosed print-out of the current United States Patent and Trademark Office (USPTO) patent term adjustment determination from PAIR and the *Decision On Request For Recalculation Of Patent Term Adjustment In View Of Wyeth And Notice Of Intent To Issue Certificate Of Correction* (PTOL-549G (04/10)) ("the Decision") mailed May 18, 2010, respecting the present application. This application for patent term adjustment is being filed within the later of one month or 30 days after the mailing date of the Decision.

This request is accompanied by the fee set forth in § 1.18(e) (\$200.00).

This request includes below a statement of the facts involved in sufficient detail to allow the United States Patent and Trademark Office (USPTO) to verify the correct patent term adjustment.

The Applicant's calculated patent term adjustment is 1250 days. The Decision reported a patent term adjustment of 1248 days. Thus, the Applicant is requesting an increase in the patent term adjustment.

The basis under 37 CFR § 1.702 for the adjustment is as follows:

Positive Patent Term Adjustment

Three Year Guarantee

(35 USC § 154(b)(1)(B))

The USPTO calculation of the patent term adjustment under the three-year deadline for issuing a patent after its filing date was 589 days. The Applicant disagrees with this determination because the patent term adjustment on this ground should instead be 590 days, minus 0 days consumed by an appeal, for a net adjustment of 590 days.

Specifically, the enclosed modified version of the USPTO Patent Term Adjustment calculation on PAIR shows that:

- the actual filing date of the application was September 30, 2003,
- the third anniversary of the actual filing date was September 30, 2006,
- the first request for continued examination of the application under 35 USC 132(b) was filed on May 12, 2008.

Reductions in Patent Term Adjustment

Alleged Submission of a Delaying Paper After Allowance

37 CFR § 1.704(c)(10)

The applicant is contesting the following application of 37 CFR § 1.704(c)(10) to reduce the patent term adjustment in the present application due to a paper filed after the Notice of Allowance has been mailed.

The USPTO is believed to be characterizing the paper filed by the Applicant entitled, Amendment After Notice of Allowance (Rule 312), on July 6,

2009, after the April 6, 2009, mailing date of the Notice of Allowance, as a paper delaying prosecution. The USPTO is believed to be characterizing the paper mailed by the USPTO on July 15, 2009, as a response to the alleged paper delaying prosecution. The reduction of PTA asserted by the USPTO is 10 days.

The Applicant's position is that this determination is incorrect for the following reason(s):

- The correct amount of reduction is submitted by the Applicant to be 9 days, which is the difference between the correct filing and mailing dates stated above, but not exceeding four months.

Net Patent Term Adjustment

The changes requested by the Applicant to the USPTO patent term adjustment determination in the DECISION ON REQUEST FOR RECALCULATION OF PATENT TERM ADJUSTMENT IN VIEW OF WYETH AND NOTICE OF INTENT TO ISSUE CERTIFICATE OF CORRECTION (PTOL-549-16G (05/10)) ("the Decision") mailed May 18, 2010, are as follows:

Positive Patent Term Adjustment

Three Year Guarantee (35 USC § 154(b)(1)(B))

	Patent Term Adjustment (days)
USPTO Calculation in Recalculation Request	589
Applicant Calculation	590

Reductions in Patent Term Adjustment

- **Alleged Submission of a Delaying Paper After Allowance**

37 CFR § 1.704(c)(10)

	Patent Term Adjustment (days)
USPTO Calculation in Recalculation Request	10
Applicant Calculation	9

Conclusion

The Applicant requests modification of the patent term adjustment as indicated above. As shown in the enclosed modified version of the USPTO Patent Term Adjustment calculation on PAIR, the net patent term adjustment proposed by the Applicant is thus 1250 days.

: NOTICE CONCERNING IMPROPER
: CALCULATION OF PATENT TERM
: ADJUSTMENT BASED UPON USPTO
: IMPROPERLY MEASURING REDUCTION
: PERIOD UNDER 37 CFR 1.704(c)(10).

The United States Patent and Trademark Office (USPTO) discovered that in processing the recent recalculation decisions mailed in response to patentee's filed Request for Recalculation of Patent Term Adjustment in view of Wyeth, the USPTO improperly measured the reduction period for reductions under 37 CFR 1.704(c)(10). Pursuant to 37 CFR 1.704(c)(10), patentee's reduction begins on the date of filing the amendment under 37 CFR 1.312 ("1.312 amendment") or other related paper and ends on the date that the Office mails a response to the filing of the 1.312 amendment or other paper. It has been discovered that during the recalculation, the calculation failed to the limit the reduction to the mail date of the response to the 1.312 amendment or other paper. Accordingly, patentee's reductions were greater than warranted.

This notice **VACATES** the previous GRANTED request for recalculation and provides patentee with a revised GRANTED recalculation.

The patent term adjustment has been determined to be **1248** days. The USPTO will *sua sponte* issue a certificate of correction reflecting the amount of patent term adjustment (PTA) days determined by the recalculation.

Prior to the issuance of the certificate of correction, the USPTO will afford patentee an opportunity to be heard and request reconsideration. Accordingly, patentee has **one month or thirty (30) days** from the mail date of this notice, whichever is longer, to file a request for reconsideration of this PTA calculation. See 35 U.S.C. § 154(b)(3)(B)(ii) and 37 CFR 1.322(a)(4).

Patentee should use document code PET.OP if electronically filing a request for reconsideration of this PTA calculation. The patentee must also include the information required by 37 CFR 1.705(b)(2), and the fee required by 37 CFR 1.18(e). If patentee does not file a timely request for reconsideration of this PTA calculation, including the information required by 37 CFR 1.705(b)(2) and the fee required by 37 CFR 1.18(e), the USPTO will issue a certificate of correction reflecting the PTA determination noted above.

Patentee should be aware that in order to preserve the right of review of the USPTO's PTA determination in the United States District Court for the District of Columbia, patentee must ensure that the steps required under 35 U.S.C. § 154 (b)(4) are taken in a timely manner. Nothing in the request for recalculation should be construed as providing an alternative time frame for commencing a civil action under 35 U.S.C. § 154(b)(4).
